

VEO HD IV

BINOCULARS

VEO HD IV binoculars incorporate HOYA Extra Low Dispersion (ED) glass and phase-corrected SK-15 prisms, that work together to virtually eliminate chromatic aberration and produce images with true color fidelity across the entire field of view, along with enhanced contrast. Complementing the glass and prisms is an anti-reflective and fully multi-coated optical system that improves light transmission for bright and clear images with improved low-light performance.

Premium HOYA ED Glass

Waterproof & Fogproof

Large Field of View

Outstanding Near Focus

Center Locking Diopter

SK-15 Roof Prism

Tripod Mountable

Three-Stage Eyecups

KEY FEATURES

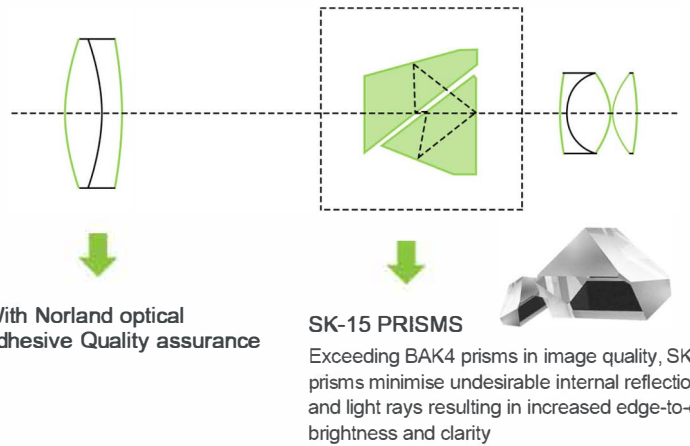

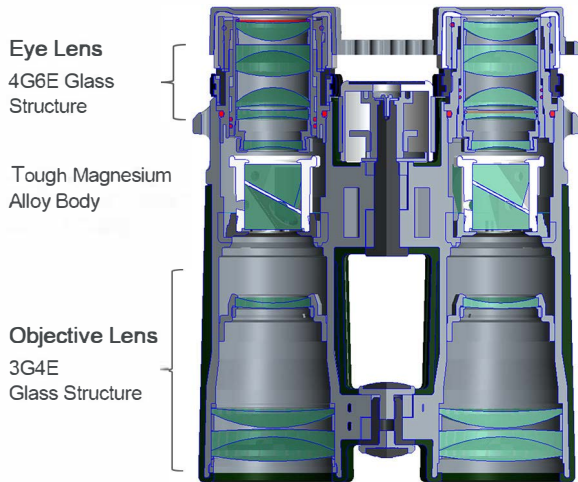

- 1. Three Stage Twist-Up Eyecups**
High precision and smooth adjustment rings
- 2. Large Secure Focus Wheel**
Oversized center focus wheel for easy control
- 3. Center Locking Diopter Adjustment**
Ensures your settings don't get knocked out of alignment
- 4. Magnesium Alloy Body**
Sturdy, Durable and Lightweight
- 5. Can be attached to a tripod using a 1/4" adaptor**
Tripod Mountable With Optional Adapter (BA-185)
- 6. Low Dispersion HOYA ED Glass**
Boasts vivid edge-to-edge clarity
- 7. Accessories included**
Slings / Eyepiece cover / Objective lens cover / Bag
