# QUEST Series

Ultra-lightweight gun rests that include a monopod, bipod and a 3-in-1 tripod, all topped off with a 60mm wide universal U-Yoke with rubber fins to hold your rifle without any risk of damage.

## U-YOKE

Stay on target with the **U-Yoke** which rotates 360°

## QUEST T62

Comes set up as a tripod for the most stable platform for your shot, and weighs as little as 875g. It extends up to 1575mm and the height can be lowered by simply moving the rear leg. When you need a lighter option, or space doesn't allow you to set up a tripod, simply convert it to a bipod or monopod.
