## PERFORMANCE

The **VESTA GO T 204AB** has all the functionality of a traditional tripod in a super-portable, table tripod format. With the Arca compatible head, you can easily switch between tripods to ensure you're using the best tripod for your shoot.

The **VESTA VS-82** is a super-light and simple tabletop that is designed to fit directly onto the base of your camera. You can switch between tripods, but you'll have to attach and detach your quick release plate

## VALUE FOR MONEY
