

# Vesta 8320M

## MONOCULAR

\*\* Monocular shown on VEO 2S monopod\*\*

The **Vesta 8320M Monocular** includes an 8x32 monocular, a smartphone connector (for any smartphone up to 87mm wide) and a Bluetooth remote control (for IOS and Android) making it perfect for getting closer to the action, and capturing your sightings on the go.

### 1 Multi-Layer Coated Objective Lens

Ensuring better light transmission

### 2 Precise One Handed Focusing

Making it simple and fast to focus on your subject

### 3 Three Stage Eyecup

So it can be positioned to your eyes, even wearing spectacles

### 4 1/4" Thread Hole

So it can connect to a tripod/monopod for added stability

\*\* Table tripod not included with kit \*\*

## WHAT'S INCLUDED
